INVITATION

We would like to invite **Ozan Evrim Tunca** to participate in workshops held at the University of Bristol on 6 May 2022 where **Ozan Evrim Tunca** and Hezarfen Ensemble will play works by composers affiliated with the University of Bristol written especially for Hezarfen Ensemble and Turkish instruments by University of Bristol students. Additionally, we would like to invite **Ozan Evrim Tunca** to perform the concert with Hezarfen Ensemble entitled “Makam21” on the Bristol New Music 2022 festival. This concert will be held at St. George’s Bristol on 7 May 2022, at 8PM, with all musicians returning to Turkey the next day. “New Transcultural Music” is one of the headlining events of the Bristol New Music 2022 (and will potentially be broadcast on BBC Radio 3). The project features a programme with seven new commissions from transcultural ensemble by classical contemporary composers based in Turkey and the United Kingdom. Both events are part of the European Research Council-funded research project *Beyond East and West: Developing and Documenting an Evolving Transcultural Musical Practice*.

All good wishes,
