The Music Museum and Sound Library (MUZIKSEV) is in an old Izmir house across from the Alsancak Station, and was opened in 2006. It is the only one of its kind in Turkey. It is a museum in which especially modern Turkish composers' valuable notes and books on music can be kept, and a place where people getting musical education, musicologists and everyone interested in music can benefit from. In the museum the Traditional Turkish Musical Instruments Collection is on display. In the exhibition area of MUZIKSEV, decorations and costumes from the International Izmir Festival's 29-year journey can be seen and operas from the festival can be watched.
